

Start Here

1. Activating the SiriusXM Music for Business Internet Service

Instructions to retrieve your credentials were sent to the Dealership Beats Contact Email.

If you need a reset them, go to siriusxm.com/player or **download the SiriusXM App** and click “Forgot Username or Password.” Should you need help with this process, please contact: **800-852-9696**.

2. Connect the Radio

These instructions are for a wired connection to the Internet. **Sirius XM strongly recommends a wired internet connection for all business installations.** An Ethernet cable is included. The network must be connected to the Internet.

- Connect the Ethernet cable to the **LAN** connector of the Radio. Connect the other end to your local network.
- Connect the Power Adapter to the **DC 12V** connector, and plug the Power Adapter to an AC outlet. The Radio will power on automatically.
- If the Radio has successfully connected to the network, the Ethernet icon in the upper left corner will be displayed without a red **X** (Figure 1). If there is no network connectivity, the Ethernet icon will be displayed with a red **X** (Figure 2). Check the Ethernet cable connection. If necessary, refer to the User Guide for more detailed network setup information.
- Connect the Radio to a stereo system using the provided Stereo Audio Cable, and turn the stereo system on.

3. Enter Your SiriusXM Credentials

- Turn the **Scroll knob** to highlight **Setup** and press the **Scroll knob** to select. **SiriusXM Account** will be highlighted, press **Scroll knob** to select.
- Username** will be highlighted. Press the **Scroll knob**. Enter each character in your SiriusXM streaming username and press the **Scroll knob** to select the character (Figure 3). When complete press the **SHIFT** button. Your username is case sensitive.
- Turn the **Scroll knob** to highlight **Password** and press the **Scroll knob** to select. Enter each character in your password and press the **Scroll knob** to select the character. When complete press the **SHIFT** button. Your password is case sensitive.
- The Sound Station will connect to SiriusXM and confirm the username and password you entered. If correct, “Credentials Accepted” will be briefly displayed.
- Next you will be prompted to select your time zone. Turn the **Scroll knob** to highlight your time zone and press the **Scroll knob** to select.
- If you are prompted that an Internet Update is available, allow the update to install. Turn the **Scroll knob** to highlight **Install Update** and press the **Scroll knob** to select. Wait until the update has completed and you see the message, “Please press the Power button”.

4. Selecting a Channel

The first time the Radio successfully connects to the SiriusXM Music for Business Internet Service, no channel will have been selected to play. Select a channel:

- If you are not at the Home screen, press **BACK** until the Home screen is displayed.
- Highlight **Categories** and press the **Scroll knob**. The category list will be displayed (Figure 4).
- You can select **All Channels** to browse through every available channel, or narrow the category list of channels by selecting **Pop**, **Rock**, **Hip-Hop**, etc. Turn the **Scroll knob** to highlight your selection and press the **Scroll knob**.
- Use the **BACK** button to return to the previous screen as you search for a channel.
- Once you have located the channel you want to tune, highlight the channel and press the **Scroll knob**. When the Radio connects to the channel, the audio will begin playing and the Now Playing screen will be displayed.
