Troubleshooting

If there had been a Bluetooth® Dock, and the Phone Profile to the cellphone. If not, you will need to manually assign these profiles.

If you have a cellphone connected via Bluetooth to the vehicle audio system, you will need to confirm that the audio system has automatically assigned the Music Profile to the Bluetooth Vehicle Dock, and the Phone Profile to the cellphone. Consult the instruction manual that accompanied your vehicle, or which accompanied the audio system installed in your vehicle.

In the vehicle audio system’s Bluetooth device menu, verify (or manually assign) the Music Profile (media, musical note icon) to the Bluetooth Vehicle Dock, and verify (or manually assign) the Phone Profile to the connected cellphone.

To verify that the Vehicle Audio System Has Assigned the Correct Profiles After Pairing

Bluetooth Pairing Procedure. After the Bluetooth Vehicle Dock has been paired then follow the "Adjusting the Audio Level..." steps which follow.

Verifying that the Bluetooth Vehicle Dock Has Been Properly Paired

Verify that the Bluetooth Vehicle Dock has been properly paired

• Ensure the blue LED on the Bluetooth Vehicle Dock is solid. If the LED is blinking blue, the dock is not paired.

• Press and hold the Bluetooth button for 4 seconds, or press and hold the Bluetooth button until the blue LED turns solid. The vehicle audio system will begin searching for a Bluetooth device.

• Select "SiriusXM-XXXXXX" for the Bluetooth Dock from the list. The audio system will pair with the Bluetooth dock with no need to enter a PIN code. However, if your vehicle’s audio system does not automatically pair, skip step 7.

• If pairing fails, repeat these pairing steps again. If unsuccessful consult the Troubleshooting section.

Once paired, the blinking blue LED will become steady, and you should hear the SiriusXM audio. After about 20 seconds, the blue LED will dim. If pairing fails, repeat these pairing steps again. If unsuccessful consult the Troubleshooting section.

SiriusXM radio will need to be adjusted.

Important Legal Information

CAUTION: Not for use in aircraft. For use with select SiriusXM vehicles only. For models without a pre-existing SiriusXM connection, consult your authorized dealer. This device is not compatible with third-party vehicle navigation systems.

FCC Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and aimed for optimal performance. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the installation instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

To prevent potential interference to the 2-Way Radio Service, this device is authorized for use only in the USA and DC. Our Sirius Satellite service is also available in PR (with license. All other marks and logos are the property of their respective owners.

LIMITATIONS OF LIABILITY

This warranty does not cover: products sold as used, as is, reconditioned or refurbished; software stored on internal or removable memory.

How to Obtain Warranty Service

To obtain warranty service, please call SiriusXM Listener Care at 1-866-635-7191. You will be required to provide proof of purchase and a description of the defect. You must prepay the cost of shipping the product to an approved service center.

What This Warranty Does Not Cover

This warranty does not cover: products sold as used, as is, reconditioned or refurbished; software stored on internal or removable memory; products that have been altered, improperly installed or removed, used with third party accessories, mishandled, damaged by user or user's agent, accident, power surges or acts of nature.

What This Warranty Covers

This warranty covers defects in material and workmanship for 12 months from the date of purchase by the original retail purchaser only.

To the extent allowed by applicable law, the sole remedy available to the original retail purchaser under this limited warranty is repair or replacement of the product. Replacement products are warranted to be free from defects in material and workmanship for 90 days from the date of receipt by the original retail purchaser.

This warranty is limited to the original retail purchaser only and is not assignable, transferable or sublicensable. This warranty is void if the original retail purchaser or any other person uses this product for a purpose or in a manner for which it was not intended by either the original retail purchaser or SiriusXM, or does not operate in accordance with the installation instructions or any aircraft (whether pre-equipped or non-pre-equipped).

This warranty gives you specific legal rights, and you may have other rights, which vary from state to state.
